Adopt-A-Classroom

The level of education for our children is one of the most important factors for predicting success later in life. If you are looking for an effective way to help our students, please consider the "Adopt-A-Classroom" program. Clear Creek has made annual donations to the Redland Elementary School for several years through the Oregon City School District/Oregon City Chamber of Commerce. These funds are designated for resources and activities that directly support student learning, such as computer software and hardware, printers, science equipment, etc.

For additional information please visit the Redland Elementary web site at <http://schools.orecity.k12.or.us/redland/> and follow the link to Adopt-A-Classroom.
